

WHAT OUR PARENTS ARE SAYING ABOUT ST. CHRISTOPHER'S PRESCHOOL....

• I have been absolutely thrilled with the personal attention my son has received at St. Christopher's. We love the school with its close-knit, family focused atmosphere. I will also be enrolling my younger son next year.

**Rachel (mother of a 3 year old and future student)*

• *We are thrilled to have our son attend St. Christopher's Preschool! He is an active, curious and an eager-to-learn 2 year-old and your programs fulfill every need. Spiritually, we are thrilled that he is attending a Christian based program; his weekly trips to chapel help him learn more about God and his Church. Your friendly staff is always willing to help those in need which teaches the children the value of giving.*

**Krista and Chuck, parents of a 2-year old.*

• We have been at St. Christopher's for 3 years and have had a very positive experience. My daughter has gone from the 2 year old class all the way through to the pre-K and has learned so much. She will be sad to leave at the end of the year. My 2 year-old son also loves St. Christopher's and often asks to go to school on his day off. It is an amazing school and we are blessed to be a part of it!

**Sarah*

• I would love to be a reference for St. Christopher's Preschool. Taylor has had a wonderful experience here.

**Melissa (mother of 3 yr old)*

• That's nice that you are doing this. I am thankful that Myra recommended the preschool to me when I found out that we were moving here. Turns out the people we bought our house from had a child in Mrs. Rosie's class as well! We have enjoyed Izzy being there and now a few of my friends have enrolled their children too.

**Mary (mother of 4 year old)*

• We have been with St. Christopher's for 3 years now and you know if my kids never grew older, we would be with you guys forever!! Heck yeah, include us on the reference list!

**Kathleen (mother of 3 year old and former student)*

• I'm more than happy to be a reference. As a "nervous" mom of a first-time preschooler, my concerns have been completely calmed. Our daughter thrives under the loving care of her teachers & staff at St. Christopher's. We knew we had made the right decision when she turned to me as I was dropping her off and said, "Bye bye, Mommy," before I could even get her coat off. THANK YOU for being such a blessing in our lives!

**Katie*

• St. Christopher's Preschool program is the best and I highly recommend it to any person interested in having their children attend a preschool in the Killeen/Fort Hood area. I have had 3 children in this school and they all loved their teachers and the staff. I think St. Christopher's provides age appropriate instruction and my oldest was completely prepared by St. Christopher's for his Kindergarten classes.

**Mary Lou (mother of twins)*

• St. Christopher's has been great for Grace and I feel good knowing she is well prepared for kindergarten both academically and socially.

*Heather

• I found a true loving Christian environment at St. Christopher's for the children. The staff here is wonderful with the children. Kudos to Carla, who went out of her way to help me relocate to Ft. Hood. The school is definitely a reflection of her love, kindness and generosity.

*Kristie

• Both my kids, 7 and 4, were students at St. Christopher's school. We just adore the school! I have already recommended it to my friends and neighbors. When my husband retired from the army at Ft Hood a few years ago, one of the main reasons we wanted to stay in the area was because of St. Christopher's. Our 4 year old is still a student there. Some of the teachers and aids, inspite of being in a military town, are still there from the time my 7 year-old was a student there, 4 years ago. Some of the teachers and aids are also moms with kids and military wives. So the staff consistency and staff understanding of the military lifestyle challenges has been exceptional. The staff itself is just incredible. We have a daughter with special health needs and they all have always been very loving and caring with her. Even when she has been hospitalized from time to time, the St. Christopher's staff has always been there with hospital visits, staff cards, prayers, and even classroom cards from the children. If you want your child in a loving school I definitely recommend St. Christopher's.

*Patricia

• St. Christopher's Preschool is an absolutely wonderful school. The directors and teachers are amazing! They are warm, caring, understanding and most importantly one hundred percent all about the children. St. Christopher's has helped our daughter learn and grow immensely.

*Brooke

• St. Christopher's Preschool provides their children a socially, emotionally, and academically rich experience. My two year old daughter loves go to school and is disappointed when it isn't a school day. When I pick her up from school, my daughter can't wait to go back the next day. She brings home the most creative projects and loves to tell me about them. I would highly recommend St. Christopher's preschool program to anyone looking for a quality preschool experience. Thanks again for all that you do for Emily!

*Robin
